

HEALTH INNOVATIONS PARTNERSHIPS AND PROGRAMS (HIPP) - DIABETES SUPPORT COMMUNITY HEALTH PARTNER

You could receive...

- Individualized goal planning with supportive coaching.
- Health education & personal guidance to improve your diabetes.
- Assistance with applying for benefit programs.
- Connections to community resources, including community support groups, meals/nutritional support and transportation.
- Electronic or telephonic appointment reminders.
- Support at medical appointments.

Discuss these and other needs with your Community Health Partner today!

What is Patient Navigation?

The world of healthcare is complicated and ever-changing. The Community Health Partner/Patient Navigation Service is a personalized service to help guide you through these otherwise confusing activities, connecting you with the providers and services you can depend on to stay healthy.

Your Community Health Partner will listen and work with you as a team to create goals that address the problems you are facing.

Community Health Partners offer personal guidance on all areas of the healthcare system. Whether you would like help finding a support group, scheduling appointments or better understanding your diabetes, a friendly partner is available to help.

Who Is Eligible?

Any Lake County, Indiana resident who is 18 years of age or older with a diagnosis of Diabetes.

Are participants required to pay for services?

No. Funding for Patient Navigation Services has been made available through the Indiana Department of Health Grant, and there is no fee to participate.

How can I get connected? Call toll-free 1-800-616-3718 to contact CareStar to make a direct referral by telephone, OR complete and submit a referral form. Scan QR code below.

A CareStar Community Health Partner will call you when your referral is processed and will schedule a meeting at the time and location of your choice to get your services started.

Use your mobile phone to scan the QR Code. Then, complete and submit the **referral form** without printing.
